ECOSEAL MARBLE

Stainproof, waterproof, eco-friendly, VOC-free treatment specifically for protection against stains, water and damp on all marble surfaces

ECOSEAL MARBLE is a water-based, VOC-free impregnating agent made with fast biodegrading, plant-based materials that are Ecolabel recognised or certified. It is a specific product formulated to protect any limestone surface against stains, water and damp.

ECOSEAL MARBLE will not change the tone, colour or appearance of the marble surfaces to which it is applied. It penetrates deep down without creating surface films and therefore will not alter the original breathability of the treated surface.

ECOSEAL MARBLE protects surfaces in limestone against stains since it prevents staining substances from penetrating inside the stone. Wine, coffee, oil, grease, ink, fruit juice and any other staining substance accidentally spilled on treated surfaces will wipe off easily without leaving stains, residues or marks.

ECOSEAL MARBLE also protects marble surfaces against rising damp since it gives treated surfaces great water-repellent properties preventing water from penetrating or rising up through the stone.

ECOSEAL MARBLE is a ready-to-use product; it is quick and easy to apply and guarantees effective, lasting protection to all marble surfaces, such as floors, tables, furnishing elements, bathroom tops, and kitchen tops, since it is certified for contact with food substances.

Like all products in the Greentech line, ECOSEAL MARBLE is eco-friendly and 100% water based. It is made using biodegradable ingredients, will not harm health or the environment, and it comes in recyclable, biodegradable plastic.

CHARACTERISTICS AND BENEFITS

- ✓ 100% eco-friendly product, free from Volatile Organic Compounds (VOC Free)
- ✓ Will not change the tone, colour or appearance of the treated surface
- ✓ Extremely durable protective action
- ✓ Does not change the original breathability of the surface
- ✓ Penetrates deep down for total protection
- ✓ Protects marble against stains of any type
- ✓ Prevents water penetration and rising damp
- ✓ Certified for contact with foods

USES

Eco seal Marble is suitable for use indoors and outside. If used on untreated marble, it leaves it with water-repellent properties. If used on polished marble, it leaves it with water-repellent, stainproof properties.

COVERAGE

10-15 m²/l

APPLICATION EQUIPMENT

Brush, roller, cloth, lambswool applicator, spray

Protectors

ECOSEAL MARBLE - Stainproof, waterproof, eco-friendly, VOC-free treatment specifically for stain and waterproof treatment on all marble surfaces.

APPLICATION

Eco seal Marble is applied evenly and without dilution, according to the coverage stated.

Apply an even coat to the surface being treated, taking care to distribute Eco seal Marble evenly over the entire surface. For this operation it is possible to use a brush, roller, lambswool applicator or other equipment for this purpose, such as, for example, a clean cotton cloth or a spray.

After applying Eco seal Marble to the whole surface, rub in the product with a cotton cloth to help it penetrate into the marble. Proceed with this operation until the product is evenly applied to the whole surface, removing any excess product.

DRYING

Surfaces treated with Eco seal Marble can be used again after about 1-2 hours from product application.

MAINTENANCE

For daily cleaning of a surface treated with Eco seal Marble, we recommend using CLEAN MARBLE & GRANITE from our Greentech line.

PHYSICAL AND TECHNICAL INFORMATION

<i>Aspect:</i>	Liquid
<i>Colour</i>	Transparent
<i>Odour:</i>	Odourless
<i>pH:</i>	11 ± 0,5
<i>Specific Gravity at 20°C</i>	1005 ± 10 g/l
<i>Flash Point</i>	Not flammable
<i>Biodegradability</i>	>95%
VOC content (UNI EN ISO 11890-2:2007)	< 0,05%
VOC emission (Met. GEV ed. May 2010)	N.R. (less than established by the quantification method)

STORAGE

Keep the container tightly closed and store in a cool, dry place.

SHELF LIFE

24 months in the original, sealed packaging, stored in a cool, dry place.

PACKAGING

Packaged in 1 litre biodegradable bottles

Protectors

ECOSEAL MARBLE - Stainproof, waterproof, eco-friendly, VOC-free treatment specifically for stain and waterproof treatment on all marble surfaces.

HAZARD IDENTIFICATION

H315	Causes skin irritation.
H319	Causes serious eye irritation.
P264	Wash thoroughly after handling.
P280	Wear protective gloves/protective clothing/eye protection/face protection.
P302+P352	IF ON SKIN: Wash with plenty of soap and water.
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P332+P313	If skin irritation occurs: Get medical advice/attention.
P362	Take off contaminated clothing and wash before reuse.
